I miss her. She’s going to live in the hearts of people for a long time.”. Shirley died in 2008 at the age of 45. The cause of her death was said to be a pulmonary embolism, a blood clot in the lung that severed a pulmonary artery. Her death was announced in November 2008 and was accompanied by a statement from her longtime manager of nine years, manager Aimee Strand, saying, “Our hearts go out to all of Shirley’s loved ones and friends during this difficult time.” Her first major success as a recording artist came in 1983, when she made her first for the Motown label: the song “Dream Weaver,” which went on to reach the Top 20. “Dream Weaver” was the lead track on her eponymous debut album. The same year, she created what would become one of her best-known and most frequently covered songs, the ballad “Endless Love,” which was a huge international hit. “Endless Love” was a number one Billboard Hot 100 hit, peaking at number three in the UK and is listed as the fifth best-selling single in UK chart history.. During the 1980s, Shirley recorded a string of hit singles, including “After the Lovin’,” “Never Too Much,” “Got a Hold on Me,” “Easy as It Seems,” “Promises” and “Angel.” With the popularity of Madonna’s “Material Girl” videos and hip hop artists like Prince and Michael Jackson, glamour and dance routines, which Shirley helped popularize, were in high demand.
