May 15, 2017 The Realscale mod is the first SC2 mod i ever made. I didn't think it would take off like it has because i thought there was already a good real scale mod out there. But as it turned out, more and more people were searching for a mod to scale everything down. So i decided to make my own and see if i could make a good one. I started working on it in 2015, and it works very well for a mod, but the small communities I found on my forum are dead. So I decided to abandon it, but I made a lot of progress on it. If anyone would like to try it, it's under "Modders Nexus". Starscaled mod Sep 4, 2019 Starcraft 2 : Series: Get to work! (official playlist) Real scale Sep 4, 2019 Starcraft 2 : Series: Get to work!
