Google Translator Opera Widget License Code & Keygen

Allows changing contents of your Opera windows from the keyboard. With KEYMACRO you can change and animate your Opera windows to look like other major browsers. KEYMACRO also lets you browse easily through the history of your Opera windows. KEYMACRO's primary functions: - Changing menu options on the Opera menus. - Changing contents of Opera's windows (ie: Bookmarks, Speed Dial, History, etc). - Changing contents of Opera's Toolbars (ie: Bookmarks, Speed Dial, History, etc). - Animation of Opera windows. - Keyboard navigation in Opera's windows. If you want to change the contents of Opera's windows, you need to change the window theme. ----- CHANGELOG: Version 3.2.2 (9 August 2014): - Add a scrollbar to the animation window. - Minor changes. Version 3.2.1 (9 July 2014): - Fix an issue with the navigation bar icons when moving up/down in the navigation bar. - Remove the grey border around the Bookmarks options in the Bookmarks bar. - Tweak the original Bookmark, Speed Dial, History and Language options. - Slightly modify the Bookmarks bar icon positions. - Remove Bookmarks - Home button from the Speed Dial window. - Remove the full stop from the Bookmarks options in the Bookmarks bar. - Minor changes. Version 3.2 (7 July 2014): - Full keyboard support for most menu options (ie: Copy, Cut, Paste, Back, Forward, Edit, Preferences, Bookmarks, Speed Dial, Bookmarks bar, History, Downloads, etc). - Option to switch between horizontal and vertical navigation modes (ie: the horizontal and vertical arrows in the Bookmarks options). - Bookmarks bar now only has one address entry line. - Speed Dial no longer shows the copy, cut, paste and delete options. - Better keyboard support for Speed Dial (ie: The up and down arrow keys). - Speed Dial's keylist now has a scrollbar (ie: Press the space bar to activate the scrollbar). - Better keyboard support for the Speed Dial window (ie: Press the keys F1 through F12 to navigate the contents of the Speed Dial window). - Better keyboard support for the History, Downloads and Bookmarks windows (ie: Press the keys F1 through F4 to navigate the contents of the History, Downloads 1d6a3396d6
