## Word 2 PDF Crack

Word 2 PDF is a lightweight piece of software that can convert Word documents to PDF. Capable of handling any DOC file stored on your computer, Word 2 PDF relies on a rather simple GUI, with two tabs created to take care of the most important steps in the conversion process: source file selection and PDF creation. There's nothing that you get you trouble because Word 2 PDF simply requires users to select the source document and choose a destination folder. There are no configuration settings and this is clearly good news for rookies who don't want to spend too much time with the app, but professional users definitely need much more than that. On the good side, Word 2 PDF doesn't require a PDF viewer to be installed on your system in order to perform the conversion, so it's all just a few-second task. Additionally, it retains the original format of the source document and we didn't find any major problems concerning the layout of the output file. Word 2 PDF runs smoothly on every Windows machine out there and doesn't require administrator privileges. Overall, this is one of the many apps out there designed to convert Word documents to PDF, but it plans to target both rookies and those more experienced with a very user-friendly approach.
