## The MagicBook Crack+

While not ready for prime time yet, NASA is running a contest to invite individuals with ideas for a future exploration vehicle that can propel itself through the vacuum of space to new destinations. So if you're amongst those individuals – the first in the world to beat the clock for winning this contest – perhaps you could take part in this week's featured contest below, that gives you the chance to see your name in an episode of "Tomorrow's World" about the making of the Mars Rover./

**What's New in the?**

Make your child a pro in just minutes. The MagicBook has all the art supplies for you to help your child color like a pro in just minutes. Tap to color and fill in the blank spaces with bright, colorful images. The MagicBook instantly turns your child into an artist when you point your camera at the MagicBook. The MagicBook then scans the picture and turns it into an electronic, digital image which you can then color over the original. The MagicBook keeps track of the colors you use and stores the layers you create. You can create as many layers as you like and easily erase the older layers so you can make each page unique. Features: 100 digital images in 16 colors You can make each page unique by creating as many layers
