ZIP Code: Create a limited access account.Register to participate in community forums, post on the community calendar, blog etc. This registration does not give you full access to read our award winning content, etc.Q: Neovim: line completion on Windows I'm using neovim with vim-plug. For some reason, automatic completion and line navigation does not work on my Windows machine. It does work on my mac, though. I am using the standard.vimrc. Any thoughts on how to debug this issue? A: The problem was that the way to install vim-plug was by using Chocolatey. I just changed it to install with NPM and everything works as desired. Q: How to get the output of a program
