.Q: How to continue activity after otto app I'm using otto app to work with DB, server and some other stuffs. So far, everything works fine. I also use viewmodel to access DB. But I want to add one more activity.

It's not showing an error but nothing works as expected. As an example, I have this model: `public class Article { private String title; private String url; }` And this

```
DAO: public class ArticleDao { private
Database db; public ArticleDao(Database
db) { this.db = db; } public List find(int
id) { List articles = new ArrayList(); String
q = "select * from articles where id =?";
Cursor cursor =

Final Fantasy XV is now out for the PS4 and Xbox One. It has a day one patch, but there's no word on when the patch will be available. Players can download the patch up until 3 am Eastern time. If you're a day one. Adidas 16 Adidas 16 is a German high-end casual shoe. It was launched by Adidas on September 26, 2008. Description The shoe was previously called the "4to3". The "16" model is the one with only three panels, as opposed to the four-panel or "3" model. Like its predecessor, the "16"

features an open heel and velcro strap. The shoe comes in white, black, gray, or blue. References External links Official Adidas website Adidas article on new season's trend

16It really is a lot like that book Okay, I hope you enjoy the book What are you reading Why What's your favorite book Mine? I'm not really sure, I like it I read it every year Have you read it before Probably not I read this every year It's a trilogy One of my friends is reading them right now You should read them I haven't read them I will do it when I finish the trilogy do you want to read it right now I want to read it I already finished

one of them I finished one of them What
did you like about it I liked It has the
period I liked the visual of it I don't know I
liked I could see things with you Like
what? I don't know For example,
something that happened to someone It's
like one of those books Ok, thank you
This invention relates to a method of the
kind set forth in the opening part of this
specification, and to an apparatus for
implementing the method. There are
known methods and apparatuses for the
purpose of measuring certain
characteristics of a gaseous medium, for
example a gas mixture. One such known

method and apparatus is described in the Applicant's Dutch Patent Application No. 8104053, published under the number 91.2152. The method and apparatus described in the Applicant's published application comprises a coaxial measuring tube, the inner measuring tube of which is equipped with a piezoelectric sensor, which serves as a measuring
