Gtapakistanfreedownloadutorrentforpc gtapakistanfreedownloadutorrentforpc gtapakistanfreedownloadutorrentforpcGood afternoon; We are an independent BBS that was originally a group of friends in the Dota 2 community that decided to create one of the most popular BBS services for our users. We have hosted content for nearly a decade on a DIY BBS platform and we are excited to bring that content to a paid platform where our customers will experience our content in the most polished, beautiful, and convenient way possible. We have a long list of accolades and awards and nearly 300,000 registered users at BBS.IO. However, our site has not been monetized yet. I'm looking for a one of a kind site to join our Discord community as a premium BBS. The stats for our server are 2.1k members, 2.8M posts, 1.9M topics, 6.3M total downloads, and over 11M images. I have also included statistics of our official content which sits at over 6 million posts and over 4 million images. Our site has an economy where you can earn Credits per post, Credits per featured image, and Credits per avatar. We also have our metronome which allows people to earn Credits by simply refreshing their page. Additionally, I don't want to have to buy different servers if I want to do or change something. That's why I'm looking for a site like BBS.IO that does not require a server to be purchased. We can buy all of our content and text separately as needed. This opportunity came to us and we are extremely excited to bring it to you. Please don't hesitate to contact me if you have any questions. Sincerely, William Founder of BBS.IO WEBSITE: bbs.io BBS.IO@gmail.com BBS.IO is a premium site for the Dota 2 community, a publicly managed BBS service that was originally built by a few friends in the community. We are a platform where content creators can monetize their content. We have nearly 60,000 posts, nearly 20,000 images, 7,000 mod authors, and 20,000 registered users. We are constantly on the lookout for new awesome content for our users.
