"If you think about 'making sense' to the football fan, there is no better answer than playing a game of football," said Jesse Rapin. "For our title 'Soccer Club,' we wanted to honor this unrivaled experience. We've been working on the game for three years and, with FIFA 22, we are adding depth and production values that will make it the FIFA game for the world's most passionate fans of football. We are committed to bringing something to them that was never seen before. The additions to FIFA 22 will make it the most authentic football game in history." "The 'Soccer Club' will take fans deeper than ever before into the world of football. The player animations and the live gameplay will showcase the game to its potential to not only be a great experience in single player, but to play with friends and prove to be a great multiplayer game as well." "This is not just another game update that people have been getting for FIFA games in the past. This is about the evolution of how EA Sports will build on FIFA to give the most immersive and complete football game experience. We have been learning from our previous experience with the FIFA franchise and turning the learning into a great game." Hit the pitch with your favorite team in FIFA Ultimate Team. As an all-new game mode, select a team of over 1,000 players that adapt to your play style. Build the ultimate dream squad by assembling a squad of real-world players, like Ronaldo, Robben, and Rooney, and develop the attributes and skills of any of the game's top superstars. Create Clubs - Create your own club and choose your stadium, squad, and kit. Connect your club to the web and watch your team - and your club - grow as you recruit, train, and manage your squad to glory. You can even create a virtual stadium and host your own cup, trophy, and game. Rivals - Choose one of 32 countries to play head-to-head online against your friends, including teams from all over the world like Brazil, Germany, and England. Play a variety of different game types from Friendly to Classics, including the Barclays Premier League, using the many different formations and tactics that the Premier League has to offer. Online Leagues - Including the brand new FIFA Club World Cup. Choose your team, enter your real-world club's stadium, and compete with all of the world's best clubs in an all-new challenge - The Club World Cup. Play your way into the competition and score the winning goal. In FIFA 19 you can edit the names of many users that appear in the game. By holding down left shift on your keyboard, you can edit the name of everyone in the match instantly. You can remove nicknames, add team mascots, change the names on the official FIFA squad lists, and even change the names of players. For example, EA could release a patch that allows players to change the names of several players. You could be able to change every Ronaldo to Real Madrid legend Raul. I'm sure this will lead to countless edit wars on all levels. I think the best way to do it is to add features to the game and then help prevent those same features from being used on the same level. Be creative and you can make fun of yourself. Good luck! Hi Euaka, Thank you for the questions! I'm sorry I can't give you a specific answer. I've been asked the same question many times and couldn't give you the exact details on how to do it. It's something that was supposed to
